A6 Randalstown - Castledawson Dualling Scheme

Safety Notice

The Graham Farrans Joint Venture are committed to ensuring everyone’s safety.

Construction work activities can present hazards to everyone. That is why they are planned with controls in place for the protection of others.

We treat safety with the highest priority, constantly striving to eliminate the causes of incidents.

This is an important notice to all landowners and homeowners in close proximity to the A6 Randalstown - Castledawson Dualling project.

- If access through site is required please do so while plant is not operational
- Please keep site crossings to a minimum
- Ensure your route in unobstructed
- Look both ways and give way to site vehicles
- If moving livestock please do so by trailer or when plant is not operating

If you become stuck or breakdown please call 24hr phoneline 02890 394 090
Please keep site secure and close all perimeter gates

Please keep children away from the construction site at all times.

If you experience any issues during works please contact the Graham Farrans Joint Venture 24hr phoneline 02890 394 090.

Delivered for the Department for Infrastructure by Graham Farrans Joint Venture the upgrade of 14.7km along the A6 transport corridor between Randalstown and Castledawson will bring long term benefits to road users and the local community, most notably reduced journey times and improved road safety.

If you have any questions or comments regarding construction works or you require further information, please contact the Graham Farrans Joint Venture
